

## OPM Checklist

Green = Done

Yellow = Partially completed

Red = Yet to be implemented

- ☒ **Home Screen with a photo of the OPM and a small description of the museum**
- ☒ **Login/Registration pages with email and password text inputs**
- ☐ **Email and password authentication, tidying up**
- ☐ **Floorplan that navigates to the 5 interior rooms. (Will be finished once our Supabase images table and bucket match exactly)**
- ☐ **Each room containing their specific features/room details**
  - ☐ **Fetching the images from the database**
  - ☐ **Displaying the images using the 3D carousel**
  - ☐ **Little blurb on each feature/detail when selected from carousel**
- ☐ **Exterior page that displays features/room details from the outside of the OPM**
- ☐ **History page on the museum, uses timeline widgets**
  - ☐ **We discussed having some historical info in each room page, but it hasn't been provided yet**
- ☐ **Adding more design elements and refining our codebase**

**We are meeting with Emily on Monday 11/10 to discuss some additional parameters for the project. This includes more database connectivity, here's what will be pitched. (REMEMBER, she was apprehensive, that is why these features were not included in the first place).**

- ☐ **Rotating announcements from database**
- ☐ **User feedback from a form/survey to make use of users logging in and a new table**
